Friends of Gorham's Pond

We are a group of concerned citizens who are committed to preserving and protecting the vital watershed area of Gorham's Pond and its two tributaries - the Goodwives River and Stony Brook. The Friends of Gorham's Pond, a 501(c)(3) organization, seeks to raise awareness among area residents as well as obtain financial and other support for efforts to dredge the Gorham's Pond watershed and return it to a healthier state and to preserve the wildlife, beauty and integrity of the watershed.
